

July 2015

Fellow Ministry Leader,

We brought Ken Fish in as a lead speaker at our annual Be Healed Conference in 2012 and 2013. The first year we asked him to teach on God's Will to Heal, the second year he taught a Short Course on Deliverance.

Ken walks in faith, love, and power. His teaching and preaching carries the authority of one who has not only studied the Word of God, he has lived it. He is truly a believer in Jesus in whom signs and wonders follow.

Two aspects of Ken's character and gifting stand out. First, he is a tenacious warrior in God's kingdom. He wields the spiritual weapons of our warfare with faith, boldness, and determination. His teaching is clear and authoritative, and he's not afraid to slay sacred cows and pet positions that don't line up with the Word of God.

Second, Ken is a forerunner whose faith and practice have stood the test of time. The seeds of his early ministry in the Vineyard movement continue to bear fruit today through his associations with the apostolic networks of Randy Clark and Ché Ahn.

Our community was blessed by his teaching and by his personal ministry during the two conferences at which he spoke for us. We heartily endorse Ken Fish as a conference speaker and as a man of God who has committed his life to do the works Jesus said we would do, and more.

On a personal note, Ken is committed to on-going ministry refreshment. He attends conferences in our area and is eager to receive teaching from others. This humility is important to growth and development in any leader. During one conference we attended together, Jill and Ken discussed ministry over lunch. Issues came up on how to minister to those caught in Freemasonry. Ken pointed out a missing element in how we minister. Jill received his admonition, and then Ken ministered to Jill. She received freedom, and we have added his teaching to the work we do at Conejo Valley Healing Rooms.

In Christ's Service,

Dennis Ricci
Directors, Conejo Valley Healing Rooms
