

Ken is rare in his ability to combine solid doctrinal teachings with the power of the Holy Spirit in healings, words of knowledge and deliverance. Ken has benefited from a strong theological education and the opportunity to be trained by some of the top charismatic leaders of this generation. You can expect both strong teaching and powerful ministry in the Holy Spirit.

As a pastor, I have always felt impressed and grateful at Ken's commitment to pray for everybody who desires prayer. On a number of occasions he has been one of the very last ones out of the auditorium praying for that final person

Ken is unusual among traveling ministries in having such a pastor's heart.
