

Ken Fish is one of the most passionate and gifted teachers I know. I still remember the first message I heard him give over 20 years ago at the Anaheim Vineyard. It made a huge impact on me as he not only taught, but demonstrated the message with great POWER! We've hosted Ken in the past at our church and I got to know him on a personal level. In addition to be incredibly gifted, he is genuine, humble, funny, and an all-around great guy. I would highly recommend his ministry.
