A Vineyard Church

Kingdom Fire Ministries  
Los Angeles, CA

June 18, 2015

To Whom it May Concern,

I am pleased to write this letter of support for my good friend, Ken Fish, and his ministry through Kingdom Fire Ministries. It is a pleasure to see how God is bringing Ken all over the world to equip the church. I have benefitted both personally and professionally from my friendship with Ken. Personally he has helped me grow in my knowledge and understanding of scripture and professionally he has been an invaluable resource in my efforts to guide the church in the equipping and ministry of the Spirit. When it comes to equipping the saints Ken is extremely generous with his knowledge and experience.

Ken is an engaging speaker with profound knowledge of God's Word. His academic training enables him to speak on a variety of topics that strengthen and equip God's people. His approach to the teaching on the Kingdom of God is as good as anyone I know but he can also teach on a variety of topics from the gifts of the Holy Spirit to worship and the glory of God.

In typical Vineyard fashion in which we see ministry combining the word and doing the works of Jesus, along with his skill with the Word Ken is extremely capable of praying for the sick and all kinds of healing and impartation. Both of these combined provide an effective ministry at equipping the saints.

We have had Ken in to our church numerous times and each time he leaves a lasting impact among us. We look forward to having him again soon. If you are looking to have Ken in to your church I highly recommend him. The church will be better off for it.

Sincerely,

Rip Wahlberg, Lead Pastor
