Re: Letter of Recommendation for Ken Fish

To Whom It May Concern:

I heartily recommend Ken Fish to you as a disciplined leader in modern day spirituality and teaching. His practical experience and understanding of the relationship between spiritual repentance, physical healing and deliverance are unmatched.

On a personal level, for sure he is the most brilliant man I know and uses his broad range of world history, biblical history and knowledge to train and equip with gentleness, love and compassion. His balanced and systematic teaching style goes deep in building strong foundations and in giving credence to the awakening of the church in preparation for the great harvest with power, signs and wonders.

I deeply respect Ken as an accurate prophetic voice for this generation as he stands with unwavering conviction and holy lifestyle in serving the Church. As a pastor, I have personally witnessed many receive freedom, gain understanding, and grow in authority in their own spiritual life because of his ministry.

Ken is a spiritually sensitive, careful, and thoughtful scholar with a valuable contribution for the growth and maturity of the Body of Christ in every nation. His wit and enthusiasm keeps the sessions alive and real in making learning and activation fun again.

Sincerely,

David L Ramer
